

## **Blue Mountain RAM R2 – Overview Product Training**

---

*Blue Mountain Regulatory Asset Manager* regional training is designed to give you small group instruction with time to interact with the instructor and other students. These training classes are scheduled at Blue Mountain headquarters in State College, PA.

---

### **Blue Mountain RAM R2 - Overview \$2,500/person 5 Days**

This course is designed to provide you with the basic knowledge you need to begin administering and using Blue Mountain RAM for all your calibration management, maintenance and validation needs.

The class will cover:

- Learning the Application, including but limited to:
  - Navigating, finding, selecting and sorting records
  - Building Queries
  - Creating and maintaining asset records
  - Planning work, including labor, procedures, parts and standards used
  - Managing and tracking work performed, including labor, parts, procedures and standards used
  - Collecting measurement data
  - Tracking standards used in calibration
  - Submitting a work request
  - Performing reverse traceability
  - Coding maintenance failures
  - Opening reports and documents from within the application
  - Archiving and unarchiving inactive records
- Learning the Administration, including but not limited to:
  - Working with personnel, users and groups
  - Controlling records with business process rules, including notifications and electronic signatures
  - Configuring record fields and pick lists
  - Maintaining documents and reports

Each student is assigned a PC and all training materials are provided. Classes are limited in number of participants to enable one-on-one interaction and group discussions with the trainer. Our materials include a training handbook. Following your training, the handbooks become a valuable reference for you and your co-workers when working with Blue Mountain Regulatory Asset Manager. If you need more information about the classes, please contact our office at 800-982-2388. Register today by completing this order form and returning it to us via fax at 814-234-7077. We look forward to meeting you!
